

Darin Palmer

Global Business Line Manager, Lined Products
CRANE ChemPharma Flow Solutions®, Xomox®
Cincinnati, OH (USA)

Darin Palmer is CRANE ChemPharma Flow Solutions® Global Business Line Manager for Xomox® Lined Products, with global responsibility for the company's entire line of Lined Products. In this role Mr. Palmer oversees new product development, manages profitability and demand, and drives the growth of lined ball valves, lined plug valves, lined butterfly valves, lined check valves, and lined accessories. The mining segment is central to his strategy in developing his line of products.

Mr. Palmer joined the company in May of 2010 as a Vertical Marketing Manager, leading its efforts in developing and deploying vertical marketing tools for the company's fluid handling brands utilized in the BioPharm, Acetic Acid, and Silicon markets. He also maintained and expanded the tools for the Chlor-Alkali market segment.

Prior to joining the team at CRANE ChemPharma, Mr. Palmer spent 7 years with Celanese where he held various positions including Chemical Process Engineer, Polyvinyl Alcohol Distribution Manager / Technical Sales, and, most recently, Sales and Market Development for Ticona Polymers.

Mr. Palmer holds a Bachelor of Science in Chemical Engineering from Brigham Young University in Provo, Utah, and an MBA from West Texas A&M University in Canyon, Texas.
